Professional Summary

Java Developer skilled in Core Java, Spring Boot, REST APIs, MySQL, and full-stack development with experience building scalable backend services. Strong understanding of OOPs and SDLC. Hands-on experience integrating Generative AI (OpenAI API) into Java applications. Excellent communicator with structured problem-solving and the ability to contribute effectively within agile engineering teams.

Technical Skills

Backend (Core Skills): Java, OOP, Collections, Exception Handling, Spring Boot, REST APIs, JDBC

Frontend Basics: React.js (Hooks, Components), JavaScript, HTML, CSS

Database: MySQL, SQL Joins

AI Integration: OpenAI API, Prompt Engineering, Simple NLP Automation

Tools: Git, GitHub, Maven, Postman, VS Code

Concepts: SDLC, Data Structures (Arrays, LinkedList, Stack, Queue, HashMap)

Volunteering Leadership

Academic Class Representative

2024–2025

- Coordinated communication between faculty and 70+ students, ensuring smooth academic workflow.
- Managed classroom feedback, scheduling, and documentation to support academic operations.
- Strengthened leadership, communication, and stakeholder coordination skills.

Projects

AI Occasion Message Generator

Oct 2025 – Present

- Built an AI-powered message generator using Spring Boot, React.js, and OpenAI API.
- Implemented REST APIs for message creation, personalization, and sentiment-aware templates.
- Integrated MySQL for storing user inputs and history with efficient CRUD operations.

GenAI-Driven Java Framework for Personalized E-Commerce Experience

Jan – Sep 2025

- Developed a Java-based personalization engine using user behavior analysis and lightweight NLP.
- Built the ANUFA e-commerce platform with cart, authentication, product management, and orders.
- Integrated Java Python microservices for recommendation and basic intent detection tasks.
- Implemented scalable request handling using REST architecture; deployed full stack on Render.
- Achieved simulated improvements: +38.4% engagement, +39.3% conversion, +35.2% revenue/visitor.

Research Paper Presentation

IEEE ETCOM 2025 — Research Paper Presented (Paper ID: 2178)

“GenAI-Driven Java Framework for Personalized Customer Experience in E-Commerce”

Presentation Certificate: [Click to View Certificate](#)

Education

Bachelor of Engineering in Computer Science – Chandigarh University

Session: 2022–2026 — **CGPA: 7.42**

Class XII (CBSE) – St. Paul High School, Hajipur

Session: 2020–2022 — **Percentage: 73.16%**

Class X (CBSE) – St. Paul High School, Hajipur

Session: 2019–2020 — **Percentage: 86.66%**

Certifications & Achievements

- [Java Full Stack Developer](#) — Board Infinity (Feb 2025)
- [SQL: A Practical Introduction](#) — IBM (Jul 2025)
- [Academic Class Representative](#) (2024–2025)
- [ReactJS Certification](#) — Infosys Springboard (Jun 2024)
